HIGHEST SCORES OF THE SEASON MADE

Leaders in Gun Club Show Improved Form. Clifton Visitor Among the High Scores. Interest Increasing.

The Phoenix Gun club held its first shoot for the Dupont trophy Friday afternoon. The competition for the cup was fierce and some of the scores were the best which have yet been made. Four of the shooters made more birds than were necessary for the winning of any of the previous shoots. The leaders in the club are becoming more steady in their work, while many of those who have not been shooting for any length of time are hitting their pace and will in time make much higher scores. Many of those who have not yet been among the leaders have shown a form which indicates that when they have been in practice a little longer and have become a little steadier that they will make scores which will place them among the sure shots.

The scores yesterday are counted on a possible 25 and are as follows: Eden, 24; Buehler, 15; Galpin, 23; Heilman, 17; Baptist, 17; Atherton, 23; Hagerman, 23; Carr, 17.

An increasing interest is being taken in the shoots because of the meet which will be held in Tucson in the early fall. All over the southern part of the territory the clubs are holding the regular meets for the same trophies that are in contest here. Mr. Atherton who shot 23 in the meet in this city last Friday is a member of the club at Clifton and if his score can be taken as an indication of the ability of the Clifton team, the contest will be hard fought between the shots from that place and those from Phoenix. Mr. Atherton reports that great interest is being manifested in the meets there and that the scores are about the same as are made in this city.

The shades for the shooters have been placed and shades have also been placed over the seats for the spectators so that all of those who attend the shoots can be made comfortable.

Many new shooters are seen on the grounds between the times of the shoots engaged in practice. Dr. Munson is among the new ones. He arrived at the grounds too late last Friday to get in the contest, but he shot in a way that indicates that when he gets his long distance glasses he will make the leaders sit up and take notice.

Both of the trophies which are in competition here are now displayed in Galpin's window. The Halistite trophy is in the possession of Mr. Galpin, who won it at the last shoot and has been described before. The Dupont trophy is a bronze statue of Joe Cummings, the world's champion Llewellyn setter. It is about four inches high and is mounted upon a block of ebony. Around the base is a band of gold about half an inch in width. The trophy is one of the prettiest which has ever been offered and will cause an active fight for its final possession.

AMERICAN BAPTISTS

The Election of Officers at Portland Convention.

Portland, June 26.—At the night session of the American Baptist Missionary union the following officers were elected: President, S. W. Woodward, of the District of Columbia; vice-presidents, L. W. Parker, of Nebraska, George C. Whitney, of Massachusetts; recording secretary, H. A. Wilbur, of Ohio; foreign secretary, Rev. Thomas S. Barbour, D. D.; home secretary, Rev. Frederick P. Hoggard, of South Dakota; treasurer, Charles W. Perkins. A board of managers consisting of eleven ministers, eight laymen and six women was elected.

THE LAST WORD.

The Hawaiian Planters Will Not Pay Higher Wages.

Honolulu, June 26.—The sugar plantation managers on the island of Hawaii have unanimously denied the demand of the Japanese laborers for an increase in wages.

On this island there is no change in the strike situation. The strikers and planters both remain firm and there seems little prospect of an early termination of the trouble.

WON'T MIX

Bad Food and Good Health Won't Mix. The human stomach stands much abuse, but it won't return good health if you give it bad food.

If you feed right you will feel right, for proper food and a good mind is the sure road to health.

"A year ago I became much alarmed about my health for I began to suffer after each meal, no matter how little I ate," says a Denver woman.

"I lost my appetite and the very thought of food grew distasteful, with the result that I was not nourished and got weak and thin."

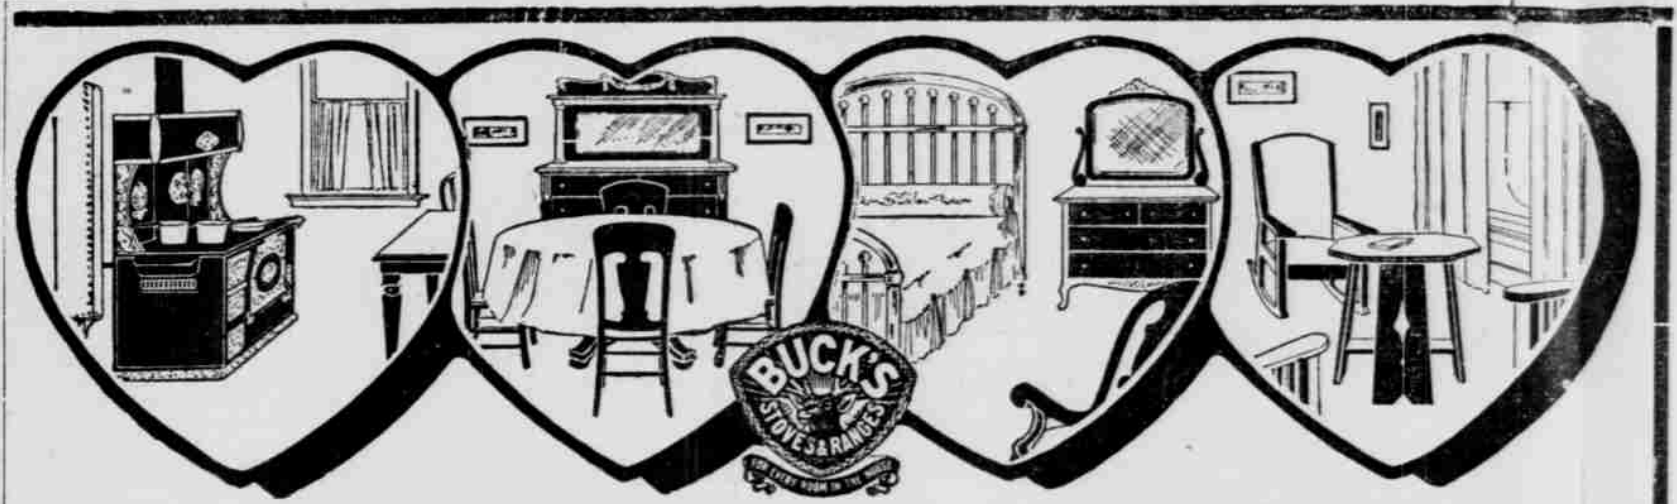

"My home cares were very heavy, for beside a large family of my own I have also to look out for an aged mother. There was no one to shoulder my household burdens, and come what might I must bear them, and this thought nearly drove me frantic when I realized that my health was breaking down."

"I read an article in the paper about some one with trouble just like mine being cured on Grape-Nuts food and acting on this suggestion I gave Grape-Nuts a trial. The first dish of this delicious food proved that I had struck the right thing."

"My uncomfortable feelings in stomach and brain disappeared as if by magic and in an incredibly short space of time I was again myself. Since then I have gained 12 pounds in weight through a summer of hard work, and realize I am a very different woman, all due to the splendid food, Grape-Nuts."

"There's a Reason." That will prove. Read the famous little book, "The Road to Wellville," in pinks.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

PITTSBURG'S RAILWAYS

It is Predicted That Not a Car Will Run Today.

Pittsburg, Pa., June 27.—At 2 a. m. the conductors and motormen of the local street car union began leaving their cars. Several cars were left in the downtown streets deserted. By 5 o'clock this morning the men say not a car in Greater Pittsburg will be running.

The grievances of the men include the charge of discrimination against union men. Union men assert that the railway company has violated the agreement signed last April.

Active preparations for the relief of the 600,000 residents of Greater Pittsburg from strike conditions are under way. The Pennsylvania railroad officials have arranged a special train service with suburban towns, to be installed this morning. The B. & O. and the Pittsburg & Lake Erie roads have arranged a similar service.
